

Kitchen Resource is **EXTREMELY** excited to present the **NEW UNIVERSAL PLUS**

Kitchen Resource is anticipating the arrival of the all new **MUM6 Universal PLUS** with an appealing new design, increased power, larger capacity and outstanding performance. This new dramatically improved European design combines power and elegance with progressive technology and extreme longevity. It is trend setting in functionality and in appearance. Easy to control with ergonomic one-knob-operation and new optimal safety features through the special bowl and blender locking systems.

1984 BOSCH launched the MUM6 universal in the market, based on the construction principals of their 1950's bottom drive mixer. BOSCH has sold more than 1.5 million units of this legendary mixer series.
